PROFILE

I'm **Brody Berson**, a software engineer focused on working with partners and integrating APIs.

EMPLOYMENT HISTORY

Sr. Partner Engineer at Squarespace, Grand Rapids, MI
June 2020 — Present

Being a Senior member of the Technical Product Support team, I am actively working with developers and partners who are trying to integrate with the growing number of Squarespace APIs and setting them up for success.

App Integration Engineer at Zapier, Grand Rapids, MI
November 2016 — June 2020

As a member of our Strategic Apps team, we worked in conjunction with the Partnerships team to assist partners in helping them build out their integrations or we would actively build out brand new integrations that we believed they would be strategic to have available to our users.

Most of my work was done in Node.JS while working with REST Hooks and standard JSON REST APIs that utilized various forms of authentication such as Oauth, Basic, Session, and Token based. I also partially developed and maintained integrations in Python.

Software Quality Assurance Engineer at Invoca, Boulder, CO
June 2015 — June 2016

Lead the Quality Assurance efforts at Invoca's Boulder office. I also became a Scrum Alliance Certified ScrumMaster® (CSM) and lead a six member scrum team.

Application Support Engineer/QA Engineer at Yello.co, Chicago, IL
July 2014 — May 2015

I provided the first line of application support to users and clients. I helped support system availability of our web and mobile applications in production and staging environments. I worked independently with customers during implementation, and in production, to provide dedicated and exceptional service, including troubleshooting at a technical level.

Family Room Specialist at Apple, Grand Rapids, MI
September 2012 — May 2014

By listening to customers mobile issues and concerns I was able to help repair, not only their device, but also their relationship with Apple to ensure that they continued to enjoy their device.

EDUCATION

Bachelor of Science, Computer Science, Grand Valley State University, Allendale, MI
August 2020 — August 2020

Member of the CIS Ethics Club

Dean's List Fall 2011 & Winter 2012

30 Additional Art and Design credits
